Make the most of LTUK

Plan your day ahead of time

Add sessions to your calendar so you're not deciding last-minute.

Leave space for real conversations

The best insights often happen between sessions.

Take a few minutes to reflect each day at ATD's wellness spots

Jot down what stood out and what you might actually try.

Let's connect beyond the sessions

Wednesday from 17:00 | Booth G50

If your brain is full by the end of the day, you're not alone. Join us after our session for an Aperol Spritz and a chance to compare notes with fellow L&D leaders.

No slides. Just good people and great conversations.
